

PodiumCase

Counter and transport case for all your event displays

PodiumCase

The PodiumCase is the all-in-one transport case that you can quickly turn into a spacious countertop. It makes an attractive kiosk or a portable bar for clients and customers to gather.

Excellent for transporting our large display walls - Perfect when you need a portable exhibition for different events.

It fits comfortably into the trunk of your car.

To create the countertop, just open the case and click on the table top. Cover the front with a graphic wrap to showcase your message or logo.

When the case is closed, it can also be used with a smaller podium top (available in birch, aluminum & oak). 6.2 lbs.

Countertops are available in oak, birch, aluminum, black, white & black plastic. The black plastic version is a lightweight countertop that also can be used outdoors. 10 lbs. each

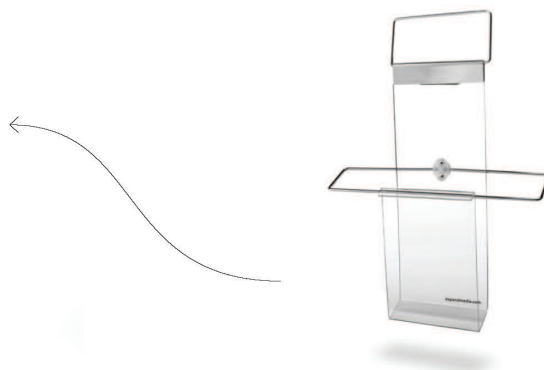

Add a Header to create a promotional stand.

Add digital signage to make your next activation an interactive one.

There are detachable shelves inside to hold your brochures, product demos and drinks. 7.5 lbs.

Add an BrochurePocket for your brochures.

PodiumCase for outdoor use

With our scratch and water resistant plastic countertop, the PodiumCase can be used outdoors. The graphic wrap is printed on a material that works great for any environment.

Show a movie or a presentation

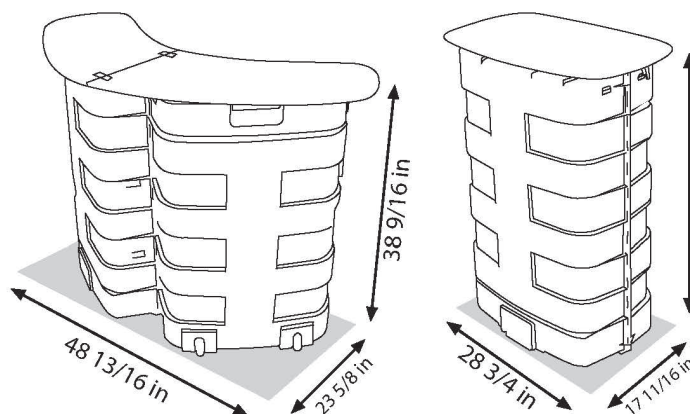

With our monitor holder and tablet holder, you can attach a flat screen TV or a tablet to the countertop. These mounts can be used on both the open and closed PodiumCase, and are a perfect way to add digital signage to your event.

The monitor holder is adapted to the VESA standard 75 & 100. Maximum weight of monitor/flat screen: 15 lbs.

PodiumCase for Food Sampling

With our bacteria resistant countertop, the PodiumCase is perfect for food sampling. It contains the active ingredient Silver, which prevents cross contamination and eliminates the growth of bacteria, mold and fungi for a more hygienic surface.
